

This form is required for each volunteer in your household who will transport students to field trips in their vehicle. Return this form to the front office.

Vehicle Insurance Coverage for Field Trip

Field Trips to various local places if interest enrich the instructional program at Forest Hill Lutheran Christian School. These trips are intended to complement the curriculum and ordinarily are planned on an annual basis by the teachers with financial support from the student activity fee paid by each child at the beginning of the school year.

When it is not practical to hire a bus, parents are solicited to provide transportation. Parent drivers are asked to submit insurance information to the school to ascertain coverage. Please complete the information below to document such coverage. Thanks for your cooperation and your willingness to help us provide a quality program.

Insurance Company _____ Policy # _____
