

## 25/26 Middle School Supply List

The ability to organize is an important life skill and an essential component of academic growth. To nurture organization and planning competency, students will be using a binder and planner system. Both of these systems will be taught and graded throughout the year. We recommend purchasing a heavy-duty binder that will last. There is no need to purchase a planner. A planner specific to our curriculum will be provided to your child. There will be a \$6.00 planner fee in TADS.

| <b>Qty.</b>                           | <b>List of Supplies</b>                             |
